## WHY TMU SHOULD BE YOUR #1 CHOICE

University education is about both what you teach and who teaches it. In every respect, our mission and our educational philosophy are rooted in Scripture. Our calling as Christians is an eternal one, and no ordinary education will meet that standard. Experience student life, academics, athletics, and preparation for professional excellence — **all uncompromisingly committed to Christ and to the sufficiency, inerrancy, and authority of Scripture**.

## INTERNSHIPS, GRADUATE SCHOOL, AND CAREERS

**TMU equips students for real-world success** through career fairs, internships, and a robust job board with hundreds of opportunities each semester. Our strong partnerships with employers — from local businesses to global brands — open doors for students and alumni across industries and ministries.

## TMU GRADS ARE IN DEMAND

With high demand among employers for top talent, TMU students often have multiple offers before they graduate. Employers seek out our graduates not just for their skills, but for their integrity and work ethic, which are rooted in an uncompromising biblical worldview.

# Admissions.

### CLOSED ADMISSION

TMU is one of the few schools in the country to require a statement of faith in Jesus Christ and a pastor's recommendation for admission. This contrasts with "open enrollment," which allows students of any faith or no faith to attend. This practice maintains a very distinct culture at TMU, allowing us to focus on our mission of **providing believers with an education rooted uncompromisingly in Christ and Scripture**.

### AFFORDABLE TUITION

**An education at TMU is a lot more affordable than you may think.**
If you want to attend, we want to help make that happen for you. You value a Scripture-rooted higher education and know that your return on investment is far greater than can be measured — and that's why we strive to keep costs as low as possible.

### GUIDANCE FOR ALL STUDENTS

Whether a student is coming from a homeschool background, transferring in from another institution, arriving as a military veteran, or traveling from overseas, TMU provides **personalized help and guidance** throughout the application and enrollment process.
