

You see God working in your life. Many times I have prayed for things and you can see God working, maybe not as you always expect it to be, but He certainly is there behind you. I have been greatly encouraged by seeing how God has kept Kilwinning Evangelical Church open all these years, and is now seeing growth and welcoming new people into membership."

"Jesus has given me a different understanding on how to cope with life. I am slower to anger. I'm not that same person I was before. I'm not that old Pistol anymore. I know that I am a sinner. Before, I blamed everyone else, and now I know that Jesus died for my sins."

Pedro | Niddrie Community Church
